

Emirates Integrated Telecommunications Company PJSC (“du”)

Disclosure Announcement

Renewal of Public Telecommunications Licence for 20-Year Term

Dubai, UAE, 12 August 2026: Emirates Integrated Telecommunications Company PJSC (“du” or the “Company”), announces that it has been notified by the Telecommunications and Digital Government Regulatory Authority (TDRA) of the renewal of its Public Telecommunications Licence.

The licence has been renewed for a further term of 20 years, commencing on 9 August 2026 and ending on 8 August 2046, with the material terms and conditions remaining unchanged.

The renewed licence reflects TDRA’s confidence in du’s continued role in accelerating the UAE’s digital transformation, delivering high-quality telecommunications services, and strengthening the resilience and efficiency of the nation’s digital infrastructure. It also supports the UAE’s strategic vision to build a competitive, sustainable, and future-ready digital economy.

Through the renewed licence term, du will remain focused on adopting advanced technologies and innovative solutions that support investment, enhance customer and user experiences, contribute to sustainable development, and reinforce the UAE’s leading position across global competitiveness and quality-of-life indicators.
